**Authority to Proceed**

To eliminate an identified biosecurity risk identified by the Department of Agriculture.

The treatment described is one of a number of treatment options and will render the goods safe for quarantine purposes only. The owner/agent should make their own enquires as to the suitability of this or other treatments for the end use of the goods.

I/we are fully aware of and understand that treatment can cause damage to my/our/their goods.

I/we also understand that if the above-mentioned goods are lacquered, plastic wrapped, double wrapped paper bags or bags without perforations they are deemed to be imperviously wrapped goods (Refer to the Department of Agriculture Wrapping & Perforation Standard) and must be declared as they are unable to be treated.

I/we authorise treatment of the above-mentioned goods will not hold Dawson's Fumigation and Logistics or their contractors liable for any damage caused through this process.

I/we acknowledge that the treatment specified above is as per Department of Agriculture guidelines and where there is any doubt this has been checked with the Department as to the correct rate, duration and temperature.

I/we agree to pay all costs incurred in this treatment or for any damage caused to goods by this treatment.

I/we agree that I/we have been informed that this treatment may damage the goods that all care will be taken by Dawson's Fumigation and Logistics but no responsibility accepted for any damage caused.

**I/we acknowledge that goods treated may continue to release gas and will need to ventilate for a further 8-12 hours, upon delivery.**

**I/we confirm that these goods have the following packaging:**

- Commercial Wrapping\*                       Shippers Wrapping\*\*                       No Wrapping

\*I confirm that I can provide the Manufacturers Certificate (on request) for all Commercial Wrapping.

\*\*I accept that treatment of my goods may be refused or additional costs will be incurred if the Shippers Wrapping does not meet the Department of Agriculture perforation requirements.
